June 2019

Administrative Message

Phew – for such a small school, we sure do have a busy calendar!

In May the JK/SK students visited the BWDSB Outdoor Education Centre, took a trip to PSDS in Wiarton to watch their school drama production, and had a school library visit. Closer to home, they had their sports dress up day, learned about energy with the Scientists in the Classroom program, were screened for vision problems with the Eye See... Eye Learn program (for JKs only), and wrote the EQAO test (for grade 3s only). Phew!

Looking forward to June and the end of the year, we're anticipating... a Kindergarten trip to Story Book Park (along with our friends at BPDS), another school library visit, some planting in the garden (if it ever gets warm enough!), a beach dress up day, a hike to Dunks Bay, and, of course, the year end trip. We're also looking forward to our year-end celebration, and the students are working hard on the entertainment they'll be offering. Lots of fun.

We're also holding a Welcome to Kindergarten session for next year's JKs, so if you know of anyone who hasn't registered yet, please have them contact the school!

As always, we're grateful to the support of the families and community for everything this year. Our School Community Council is small but mighty, our breakfast club is delicious and nutritious, our classroom volunteers are dedicated—it's wonderful to see so many people caring about the school and its students. Thank you so much to everyone.

Best wishes for a wonderful summer. In a few months, we'll start it all over again!
